

THE PURL STITCH - 4 steps

① IN

insert RH nidle into stitch
(needles face point-to-point &
RH nidle comes thru the stitch
TOWARDS YOU)

Carry yarn in
FRONT
of work
(near you!)

② WRAP like a hug

the "wrap" around the
RH nidle becomes the
NEW STITCH

try this motion with your
arm to get the feel
of it.

③ OUT - track point of RH needle along the LH
needle THROUGH the OLD STITCH so the
NEW STITCH is formed on the RH needle.

④ OFF with the OLD STITCH - yes, really drop it.

NOTE: if you wrap antihugwise you will
wind up with TWISTED STITCHES.
... we don't want those just yet
... but later... ♡
